REPORT OF FIREWARDS

There have been during the past year from February 1st, 1927 to February 1st, 1928, five general alarms and twenty-eight still alarms. The general alarms were as follows:

May 6, 1927. House belonging to Herman Winn—struck by lightning, chimney destroyed and fire started in several places. Same was put under control and extinguished without serious damage.

June 5, 1927. Barn belonging to Edward Marrotte—cause unknown. Building was burning briskly when fire was reported, but quick action of the department and work of the new pumper succeeded in extinguishing the fire in short time and without serious damage to adjoining property.

November 4, 1927. Department was called out on account of the threatening high waters.

December 19, 1927. Fire at the new building belonging to Thomas Merriam on School street—cause unknown. This fire was extinguished quickly with only slight damage due to smoke and water.

January 7, 1928. A threatening fire at Farrar Bros.' mill at North End, which was quickly extinguished by the owners, themselves, before the arrival of the department.

April 12, 1927. A still alarm for a threatening fire at the garage of George Lepisto on Fitzwilliam road. This, however, was quickly extinguished by the owners and under control at the arrival of the apparatus.

There were in addition twenty-seven still alarms for chimney fires.

In addition to the above the apparatus has been out for complete try-outs five times. All of the equipment is in excellent condition and the quick arrival of this apparatus at

the scene of fire during the past year has proven conclusively the efficiency of the department.

It is gratifying to the firewards to note that there has been a considerable reduction in the number of chimney fires during the past year, and we again bring before the citizens the necessity of extreme care with chimneys and also rubbish in basements. Careful attention to these two items would greatly reduce the fire hazard in our town.

We are asking for an appropriation of three hundred dollars with which to purchase more fire hose. With this additional amount we believe our apparatus will be better qualified to protect our propetry.

Respectfully submitted,

LESLIE G. BROWN,
GEORGE K. RIPLEY,
JOSEPH LAGRENADÉ,
Firewards.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Troy School Board:

I herewith submit to you my tenth annual report as Superintendent of Schools, this being the twenty-seventh under union supervision.

At the close of the last school year it was voted, after careful consideration, to close the West Hill school, and transport the fifteen pupils to the village schools. This reduced the number in the teaching force by one, as Miss Rose G. Bean, one of our most successful primary teachers, resigned at the close of the school year to accept a position in Massachusetts at a considerable advance in salary, and Mrs. Anna D. McGinness was transferred from the West Hill school to the Primary building.

Miss Elizabeth Baker was transferred, at her own request to the second grade when Miss Bean left, and Mrs. McGinness was assigned the fourth grade to succeed Miss Baker.

There were no other changes in the teaching staff.

The enrollment at the senior high school is the same as last year, thirty-six in grades nine and ten. Grade eight has thirty-six pupils in place of thirty four last year. Most of the rooms in the primary building show a slight decrease from last year's figures. No room has an enrollment of less than thirty for the first twelve weeks, and no room has more than forty. The total enrollment for the schools of the town for the first term of the present school year is 319 as compared with 355 last year.

This is the third year at the high and junior high school with no change in the teaching force. The work in this school stands out as especially fine, and the pupils who graduate

from the tenth grade and enter Keene High School, go there with good preparation.

The conditions at the primary building are greatly improved since additional room was secured for the grades. All the teachers in this building have shown skill in their work, and the pupils in these grades have now the opportunity of receiving more individual attention than was possible when six grades were taught by five teachers.

As evidence of the keen interest of most of the pupils in in the primary building I would call attention to the high percentage of attendance in those schools, and the small number of tardy marks. Also the long list of pupils who have been perfect in attendance during the past year, as given in the tables attached to this report.

The school budget for the next year will have to call for a larger appropriation than last year on account of the reduction in the amount of state aid to be allotted next year.

We had understood that the maximum of \$6,000 awarded for the present year would be the amount that we could expect for some time, but a recent notice from the State Board of Education informs us that it will drop to a little over \$5,000.

This is in part due to the increase in equalized valuation. Last year the figures were \$1,378,156, and for the present year, \$1,429,787, an increase of \$151,631. This would account for a reduction of about \$300, as the district is obliged to raise that amount more in order to qualify for state aid. The allowance for the eighth grade in the junior high school has been reduced since the transfer of the seventh grade to the primary building.

This reduction in state aid for next year makes it necessary to call for a larger appropriation to carry on the work as arranged when the primary building was remodeled.

High school tuitions in Keene have increased during the past year beyond the estimate of a year ago, and a somewhat increased amount will be required to meet the tuitions for another year.

I feel that our thanks and appreciation should be extended to the Parent-Teacher Association for the interest and help they have shown during the past year.

I desire at this time to thank the school board as well as parents, pupils, teachers and all interested citizens for their co-operation in the work of the past year.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H., February 1, 1928.
